

Compact 1U Design

Built-in GlidePoint® Touchpad

Quiet Membrane Key Switches

Multimedia and Internet Controls

■ Compact 1U Design

This keyboard is designed according to EIA-RS-310C specification, which is considered the standard specification for 19" racks. This makes the iKB-425 practically mountable to any rackmount drawers and meets many of the industrial environment requirements.

■ Built-in GlidePoint® TouchPad (By Cirque®)

Featuring a GlidePoint® touchpad by Cirque®, the iKB-425 supports essential gestures such as scrolling, tap to click, and dedicated left and right click buttons, all with pinpoint precision.

■ Membrane Key Switch

The quiet membrane keys offers you fast and comfortable typing and a lifecycle of more than five million keystrokes per key.

■ Embedded Multimedia and Internet Hotkeys

Control your home entertainment functions with the built-in multimedia and internet features on the keyboard.

■ Plug- and-Play

Simply plug the Trackball keyboard into a USB port and you will be up and running. No drivers required.
